

Caledon Home Show coming in April

Plan to attend this year's Caledon Home Show.

It will run April 20, 21 and 22 at the Albion-Bolton Community Centre.

Hosted by the Caledon Chamber of Commerce, organizers are planning a few changes to the 2018 edition of the show. Those attending will notice larger and more vibrant displays.

This show will bring a wide variety of products and services that people need, as well as encouragement to try local first before making that call to an out of town contractor.

Local business want your business and this is their opportunity to show you the benefits of dealing locally, show manager Pete Whitaker observed. Remember, shopping locally employs your friends and neighbors.
