

Caledon CRCs not impacted ? Four CRCs have extended hours

Four of the Region of Peel's Community Recycling Centres (CRCs) have started their extended hours.

From May through October, extended hours will apply at the Brampton and Battleford CRCs, which will remain open Mondays to Thursdays until 8 p.m., and the Heart Lake and Fewster CRCs, which will remain open Thursdays until 8 p.m.

Hours of operation remain unchanged at the Caledon and Bolton CRCs in Caledon.

At a CRC, Peel residents can drop off gently used items in good working condition for reuse, safely dispose of household hazardous waste, recycle acceptable materials, and dispose of any excess garbage after they have reduced and recycled what they can.
