

CVC holding Fall Forestry and Habitat Restoration Forum

Credit Valley Conservation (CVC) invites landowners to participate in its upcoming Fall Forestry and Habitat Restoration Forum. The event takes place this Saturday (Sept. 19) from 9:30 a.m. to 3 p.m. at CVC's Forestry Operations Centre at 15526 Heart Lake Rd., in Caledon.

Hear the latest about the invasive forest pest, the emerald ash borer. Explore features like mushrooms and fungi in the outdoors. Learn how to complete wildlife and habitat restoration projects on the property through showcased projects, along with CVC services and funding.

"The forum is a great way for landowners to learn about the different options for managing their properties," said CVC Deputy CAO and Director of Watershed Transformation Mike Puddister. "We provide landowners with tools and information to enhance the natural features on their land."

The event is free, thanks to funding from CVC's regional and municipal partners.

Register at www.creditvalleyca.ca/forestryforum by Sept. 16. Lunch is provided. For more information call 1-800-668-5557, ext. 440, email kbuckle@creditvalleyca.ca or visit www.creditvalleyca.ca/events
