If you plan on drinking or consuming drugs, plan to not drive. Instead, arrange for a designated driver, take a taxi or public transit, or come up with another plan that takes impaired driving out of the picture. If you suspect that someone is driving while impaired by alcohol or drugs, it is important to call 9-1-1 to report it.

You can also provide information anonymously by contacting Peel Crime Stoppers at 1-800-222-TIPS (8477) or online at www.peelcrimestoppers.ca. When you contact Crime Stoppers, you stay anonymous, and you never have to testify.

CAMSafe PROGRAM LAUNCHED

The Caledon detachment of the Ontario Provincial Police (OPP) has implemented the CAMSafe program. CAMSafe is a program

aimed at creating a database of residential and commercial security cameras within a community that may act as a resource for police when investigating offences/crime.

When a police officer uses the CAMSafe database, they will see a map of the local area, say Police. Officers can click on registered addresses to view further details, such as property owner contact information. Officers cannot access your security cameras or cloud-based accounts. If police would like to examine camera footage, they can make a request to the property owner using contact information from the database.

Interested community members (both residential and commercial) are only required to provide basic contact information and camera location but, can include more details if desired, such as direction the camera faces, footage retention details or screenshots of the camera view. Registrants can only view their own information and can delete their account or change their information at any time.

I am excited to launch this crime-prevention tool in Caledon. CAMSafe is a simple, yet cutting-edge solution that will provide our investigators with information with the goal to solve crimes faster and more efficiently. We are stronger together. Public safety is a shared responsibility, said Inspector MaryLouise Kearns, Detachment Commander, Caledon OPP.
