

GREAT PLACE FOR DOGS AT CANINE COMFORT

Everybody likes to be pampered, and that goes for dogs too. Canine Comforts opened last week in Bolton. Operated by Jennifer Minister, the services offered include doggy daycare, dog grooming and canine massage. There are also agility areas, as well as a place for outdoor play, weather permitting. "I could tell there was a need," she said, adding she's also a big dog lover. "I always wanted something like this." Minister has 12 years experience as a dog handler and trainer. She's also a puppy raiser for COPE?Service Dogs. Photo by Bill Rea
