

## LEARNING ABOUT EGYPTIANS, AND OTHERS

Grade 5 students at Southfields Village Public School hosted a display of what they have been learning about Ancient Civilizations last Thursday evening. The displays included a lot of decoration, such as these items that would have been left in the Pyramids of Ancient Egypt. Rithya Logarajah, Daniella Martins, Taranbir Lehal and Kiran Matharu are seen by some of their work. Turn to page 5 for more on other civilizations.
