

Police want to make Halloween a safe and fun night

It's going to be a scary time one week from tonight (Thursday).

Halloween is returning, meaning there are going to be a lot of excited kids out, making their trick-or-treating rounds. It might be scary, but Caledon OPP are also anxious to make sure it's safe.

Police have a series of tips for parents, kids, drivers and home owners to help everyone get through the night safely.

Parents

? Discourage the use of masks on your children. Masks make it hard for children to see what's around them, including cars. Make-up is a better alternative.

? Costumes should fit properly to prevent trips and falls. Avoid oversized shoes, high heels, long dresses or capes. Select costumes with bright colors to increase your child's visibility. Add on reflective tape to costumes if possible.

? Children under 10 should be accompanied by an adult.

? Provide your child with a flashlight. A cellular phone is a good idea if you have one.

? Draw a map outlining the route they should follow and set a curfew.

? Tell your children not to eat anything until they get home.

? Let your children draw the faces on pumpkins with a marker and leave the carving to parents.

? Start trick or treating early before it gets too dark.

Children and Youth

? Carry a white bag or pillowcase for your candy, or add some reflective tape.

? Bring a cellular phone in case you need to make an emergency phone call.

? Always travel in groups. Be sure there are at least three of you at all times.

? Don't visit houses that are not well lit. Never go inside a stranger's house.

? Walk on the sidewalk whenever possible. If there's no sidewalk, walk on the side of the road facing traffic. Don't criss-cross back and forth across the street. Never cross between parked cars, always at crosswalks, street corners or intersections.

? Don't eat your treats before you get home. When home, ask your parents to look through your treats with you to make sure everything is okay.

Homeowners

? Turn on outdoor lights and replace burnt-out bulbs.

? Remove items from your yard or porch that might trip a child.

? Sweep wet leaves from your steps and sidewalk.

? Use alternatives to candles in your pumpkins such as a flashlight or battery operated candle. If you do use a candle, never leave it unattended.

Drivers

? Drive slowly in residential areas where children are more likely to be trick or treating.

? Watch out for children, many of whom may be wearing costumes with masks that make it difficult for them to see. Children will be excited, and they may dart out in traffic.

? Remember that costumes can limit a child's vision and they may not be able to see your vehicle.

? Reduce your distractions and stay alert.

? Remember to enter and exit driveways slowly and carefully. Proceed with caution.

Remember that safety is everyone's priority. If you observe suspicious activity, call 1-888-310-1122.
