

Prince Harry - Meghan ?A True Romance? The power of love

As my heart skipped a beat; through tears I viewed this loving union of a man and a woman so much in love. Prince Harry & Meghan Markle. Meghan is her own woman; she walked down the aisle on her own; as beautiful as the princess she would soon become. Prince Charles then escorted Meghan to her handsome Prince Charming.

A young woman of all times; no one gave Meghan away, she gave her own heart to her prince, stating I will.

With God's love and blessing they left the chapel; the sun shone; their hearts sang as one.

May their love forever flourish ? their romance forever be in bloom. God Bless.
