### FESTIVE R.I.D.E. LAUNCHES

Ontario Provincial Police (OPP) Central Region, along with policing partners, Barrie Police Service and South Simcoe Police Service, have officially launched the Festive RIDE (Reduce Impaired Driving Everywhere) campaign.

Drivers who are impaired by alcohol or drugs continue to pose a significant threat on our roads, say Police. Six people have lost their lives in collisions where impairment was a factor on OPP Central Region patrolled roads in 2021. Already this year, OPP Central Region officers have laid 1,862 charges for impaired driving and responded to 447 collisions involving impairment, of which 121 resulted in injury - a 22% increase from last year.

The Festive RIDE campaign, which runs from November 18, 2021, until January 2, 2022, is led by the Ontario Association of Chiefs of Police (OACP) and involves a collaboration among Ontario police services to keep roads free of alcohol-impaired and drug-impaired drivers. During the campaign, officers will be highly visible as they conduct RIDE initiatives 24 hours a day, seven days a week.

Members of the public are reminded to plan to not drive when planning to drink or consume drugs. There are many alternative options to remove impaired driving from the picture, such as a designated driver, taxi, rideshare, public transit or staying the night.

It's really simple - choose to be responsible this holiday season. If you can't drive sober, just don't drive. If you suspect an impaired driver, make that lifesaving call and dial 9-1-1.

### HAVE A PLAN WHEN VENTURING OUTDOORS

With hunting season well underway, Ontario Provincial Police (OPP) Central Region is reminding those venturing outdoors to be prepared and have a plan to ensure a safe return.

The OPP Central Region Emergency Response Team (ERT) has responded to more than 50 search and rescue calls in 2021, say Police. When venturing outdoors, regardless of activity, please have a plan and be prepared.

Outdoor enthusiasts are reminded to:

Bring a fully charged mobile phone, extra battery and a GPS-enabled device to use when an area has poor phone reception.

Consider using a geolocation app, such as What3Words, to help rescuers locate you.

Hunting parties are encouraged to bring handheld radios for everyone in the event that phone service is unavailable.

Do not solely rely on technology for navigation - bring a map of the area and a compass.

Tell someone where you are going and when you expect to return. Create a detailed plan of your route and leave it with a friend or family member and/or in your vehicle as a guide for search parties.

Dress for the weather and wear proper footwear as the weather can change quickly.

Be visible. Hunter orange is a must. All hunters must wear a hunter orange garment and a hunter orange head covering of some sort. The more visible you are, the safer you will be. Check the regulations regarding these requirements.

Always have a means to start a fire.

Be prepared and bring items such as water, snacks, matches, a first-aid kit, flashlight and extra gloves, socks and other warm clothing.

When using an off-road vehicle (ORV) or all-terrain vehicle (ATV), it is your responsibility to abide by the relevant legislation pertaining to its operation. Ensure to wear an approved helmet with chinstrap securely fastened. Pack a shovel, collapsible pail or fire extinguisher in case of fire.
