Rotary Club of Palgrave?s Weekly Rotary Minute

By Krysta Cadden

There are so many reasons to love Rotary right now!

For Rotarians, we know it inherently? for those of you that aren't (yet) Rotarians, let us share with you some of the reasons why:

- 1. We're ?this close? to eradicating polio . . . and each of us wants to be part of it when we do.
- 2. We are connected to people? around the world? who take action and make wonderful things happen.
- 3. Rotary Foundation turns 100-years-strong next year with more than \$3 billion spent on programs and projects around the world in that time
- 4. Membership is evolving and becoming more flexible as lives change and time becomes a precious commodity.
- 5. Science says Rotarians (aka those who volunteer) are healthier and happier (Gallup-Healthways Well-Being Index).
- 6. Our work to support peace and end conflict is making the world a better place? one person at a time.
- 7. Locally, in Caledon, we support our community organizations including (but not limited to) Caledon Parent-Child Centre, Caledon Meals on Wheels, Scouts and Girl Guides, Family Transition Place, Bethell Hospice, the Vera Davis Centre, White Birch Adult Day Program, Caledon Community Kitchen . . .

And we could go on and on . . .

Please visit www.rotaryclubofpalgrave.com for more information on our Club and all the wonderful ways you could get involved!
