Rose and Stephanie ? the mother-daughter RE/MAX West Realty Team! Unlike many other teams, both parties in this one have equal vested interest.

Rose has been a Real Estate professional for several years and continues to love it! For her, exceptional representation is all about knowledge and client service. The more up-to-date she is of the industry, the better she can serve her clients. Customer service remains her number ONE priority!

In addition to her business expertise, she also has a creative side stemming from her education in interior design and exposure to a family construction business - this is a great advantage for her clients. Rose's gratifying moments are when she can support her clients through what is the biggest decision in their lives - this has resulted in her clients having peace of mind and trust. Her commitment and professional integrity has built the foundation of her long-lasting client relationships and ongoing referrals. Your decision is a personal choice ? Rose has the knowledge and willingness to lead you through each step of both buying and/or selling your home. The compassion she has will make it as fun and stress-free as possible!

Once Stephanie completed university, she joined the Marriott Hotels corporation and had a very successful Operations and Sales career ? both she and her many departments were recognized for exceptional service and results!
