

TRUCKS DAMAGED IN FIRE

Caledon fire crews from five different stations were called out early last Wednesday to deal with a fire on Perdue Court in Tullamore. The call was received at 6:45 a.m. Caledon Fire and Emergency Services reports that on arrival, fire crews found four highway tractors (trucks) heavily involved with fire up against the building at a trucking firm. OPP, Peel EMS and Peel Spills were on scene due to a large amount of diesel fuel that got into the storm drains on the property. There was no damage to the building and no injuries. Photo by Bill Rea
