United Lumber and Building Supplies partners Jeff Jackman and Ed De Biasio are proud to team with the industry leader in do-it-yourself moving and self-storage to better meet the demands of Ontario.

U-Haul and United Lumber and Building Supplies are striving to benefit the environment through sustainability initiatives. Truck sharing is a core U-Haul sustainability business practice that allows individuals to access a fleet of trucks that is larger than what they could access on an individual basis.

Every U-Haul truck placed in a community helps keep 19 personally owned large-capacity vehicles, pickups, SUVs and vans off the road. Fewer vehicles means less traffic congestion, less pollution, less fuel burned and cleaner air.
