

Winter parking ban in effect

The Town of Caledon has issued a winter parking ban, effective 11:59 p.m. Friday.

All vehicles must be removed from roadways in order to ensure safe and timely road clearing.

Residents have 12 hours from the time the winter parking ban is issued to remove their vehicles from the roadway and find alternate parking.

This ban will remain in place until removed by the Town's Director of Finance and Infrastructure Services.

Any overnight parking exemptions that have been granted will be cancelled.

Parking enforcement officers will work in conjunction with road clearing crews ticketing/towing vehicles in violation of the ban, in order to ensure compliance and safety of drivers and citizens.
